finding your place

Helping people land on their feet—and stay there.

We are people helping people—connecting hope, stability, and opportunity for families across Greater Houston. Through programs like financial coaching, health care assistance, and after-school care, we provide personal solutions to help our neighbors land on their feet—and stay there.

If you or someone you know needs help, call 211.

You make this work possible.
Consider giving today at unitedwayhouston.org/donate.
