finding your place

Helping people land on their feet—and stay there.

We are people helping people - connecting families across Greater Houston with hope, stability, and opportunity. Through programs like financial coaching, health care assistance, and out-of-school care, we provide personalized solutions to help our neighbors land on their feet—and stay there.

If you or someone you know needs help, call 211.

You make this work possible.
Consider giving today at unitedwayhouston.org/donate.
