Project Blueprint Information Session

Have you ever thought about serving on a nonprofit board?

Houston nonprofits are eager to recruit members of our multicultural communities who reflect the rich diversity of our city. Project Blueprint was created in 1987 by United Way of Greater Houston to prepare professionals representing our diverse communities for nonprofit board service. To learn how board service can be part of your leadership journey, plan now to attend one of our upcoming virtual information sessions.

There is no charge to attend, but registration is required. Hope to see you soon!
